Booklist Session 2025-2026

INTRODUCTION

“We are pleased to present the official booklist catalogue for the academic session 2025-26, carefully curated to provide our students with the best educational resources, fostering both academic excellence and holistic development.”

A Message From The Chief Executive

"Our nation is in a dire need of leading professionals who could restore our pride as our beloved Quaid had dreamt of. In order to make his dream come true, we must inculcate the values like integrity, discipline and commitment among our students. It requires some genuine and practical steps in the field of education. Our current educational system hardly provides any room for personal development of the students. As a result, our students lack in the enlightened excellence. Consequently, our nation has become deficient in producing skillful and competent professionals. We, at KIPS, are toiling to deliver the education in the true spirit. We aim at producing pragmatic and competent professionals, who will lead us to an era of glorious possibilities, the milestone; our vigorous team is already working for.

A series of brilliant success, at different academic levels witnesses the volumes of our vision of a Pakistan that will soon play, Insha-Allah, a vital role in today's world of revolutionary technological advancement. We stand committed to our mission, believing that, 'A journey of a thousand miles begins with a single step,' and will continue to move in the right direction."

Middle

(Grade 6 - 8)
